

BA Series

- BA SERIES**
- Brake Motors
 - IEC Metric Motors from 71 to 225 frame size
 - Totally Enclosed Fan Cooled (TEFC)
 - IP 54 enclosure (IP55 on request)
 - F class insulation
 - Continuous Duty
 - 3~230/400V 50Hz (different voltages on request)
 - AC and DC Brake
 - Very high brake torque
 - HeavyDutyCycle
 - Low Maintenance
 - Aluminum frame up to 132 frame size, cast iron frame from 160 to 225 frame size
 - Cast iron flanges starting from 100 frame size
 - Manual brake release screw
 - Hexagonal hole on shaft end for manual rotation
 - **CE** mark
 - cCSAus  mark (on request)
 - CCC mark (on request)

BM Series

- BM SERIES**
- Brake Motors
 - IEC Metric Motors frame from 56 to 160 frame size
 - Totally Enclosed Fan Cooled (TEFC)
 - IP54 enclosure (IP55 on request)
 - F class insulation
 - Continuous Duty
 - 3~230/400V 50Hz (different voltages on request)
 - DC Brake
 - Low noise brake
 - Aluminum frame up to 132 frame size, 160 frame size in cast iron
 - Cast iron flange starting from 100 frame size
 - **CE** mark
 - cCSAus  mark (on request)
 - CCC mark (on request)
